

# BenchRack™

# RACK UP THE PROFITS

With several models to choose from, Car-O-Liner's BenchRack® system can be tailored specifically for your shop. The BenchRack combines drive-on convenience with a hydraulic lift and removable ramps. A revolutionary tilt feature that makes loading easier when approach space is

limited is available on all BenchRack models.

All BenchRacks share a single purpose: they allow for faster set-up times, repairs and inspections.

To give you more productivity – more profits.

*The universal clamp and bench mounting combination provides the strongest no-slip holding capacity for unibody vehicles.*

*Down pulls are made easy with the D91 support system component.*

*The loading trolley allows you to load immobilized vehicles and can also be used as a vehicle safety stop (just flip it over).*

*Exclusive pillar jacks make mounting of trucks fast, safe and easy.*

*Powerful 10-ton Draw-Aligners pull from almost any angle 360° around the vehicle.*

*Removable ramp sections lift out easily to give better access to the vehicle.*

*When repairing minor damage, the vehicle can be quickly anchored using B631 chain holders.*

*Side support system locks parts in place when pulling, or holds them in place during welding operations.*
